

Science Research and Popularization Program of China Fangshan Global Geopark

Zhi xing JING

section chief of Fangshan Global Geopark < E-mail: happyjzhx@126.com >

In recent years, Fangshan Global Geopark of China has taken effective measures to boost Science research and popularization activity, which is comparatively weak point of the Geopark. Through a wide variety of science popularization materials and activities, Fangshan Global Geopark has further improved its visibility and reputation, and also got appreciation of GGN.
